Berth

Year

2005

A magnificently maintained ship that is truly equipped with all amenities.

Linssen 38 Sport Luxury

!! Sold!!! What a picture, this lovingly maintained ship! Not for nothing this ship bears the title 'Sport Luxury' because this to the last detail well maintained ship provides all the luxuries one could wish for on board. The list of options is long, very long. On board you will find, among other things, central heating, an inverter with a peak capacity of 2400 Watts, a generator of 3.5 KW, a solar panel, a washing machine, an autopilot including joystick, radar, bow and stern thruster, electric windlass, 2 electric toilets and a very solid Vetus Deutz which has only 1717 hours of operation. Once on board you will find a spacious aft deck with two comfortable and stable helm seats, the cockpit tent closes off the entire aft deck and is in excellent condition. Upon entering, you will immediately notice that the large windows and glass roof create an oasis of light. A folding window at the front, a sliding window by the driver and the many portholes with fly screens provide the necessary ventilation when staying aboard longer. Because that is no problem at all with this generous equipment, even when you bring guests along. The guest cabin in the bow has its own wet cell with an electric toilet, the owner's cabin in the stern has a free-standing bed and a bathroom with shower cabin. The technical installation was completely checked annually and systematically and meticulously maintained, but also optically this ship does not leave much to be desired because Multipainting in Waspik completely painted her in 2020. If we have aroused your enthusiasm, we would be happy to make an appointment for a viewing.
