This Doerak has a new engine, a new dashboard and has a neat spray hood. The paintwork needs some attention.

Doerak 850 AK

The Doerak 850 AK was so iconic in the 70s & 80s that hundreds of cardboard copies were built in addition to 106 yard-built examples. With the presence of both an open cockpit and an aft cabin, the 850 AK offers the best of both worlds. In addition, this Doerak 850 is also equipped with a fixed roof, so no more sagging and/or leaking tent roofs! Recently this lady was equipped with a new engine + reversing clutch and also a new dashboard. The open cockpit has a beautiful HPL teak-look floor and a neat cockpit tent, which has just been cleaned and impregnated. The interior of this Doerak is fresh and well cared for and is very spacious, especially considering its length. The paintwork on the outside needs attention, but the very competitive price gives enough space to do this yourself or have it done professionally.
