2009

---

A nicely maintained Linssen 34.9 AC with a berth in France. Feel free to ask us about the transport possibilities.

## **Linssen Grand Sturdy 34.6 AC**

An excellently equipped boat in immaculate condition. This Linssen was subjected to a thorough inspection by Linssen Yachts in early 2021 and has recently had engine maintenance, including preventive replacement of the engine mounts and alignment of the engine. This boat has been professionally cleaned, polished and will be fitted with new antifouling and magnesium anodes. The spacious layout of this Linssen is particularly practical, with a length of 'only' 10.7 metres and two sleeping cabins in addition to a spacious saloon. The front cabin has a freestanding French bed and a separate shower and toilet, while the rear cabin has a generous double bed with washroom and preparation for a second toilet. With the ingenious 'easy sleep convert system' you can also convert the saloon into a spacious double bed in no time, giving you sleeping accommodation for as many as 6 people. In terms of equipment, this ship leaves nothing to be desired, she is equipped with, among other things: a bow thruster, 2000W Mastervolt inverter, a well-maintained teak deck throughout the ship, an autopilot, hot air heating and a boiler on 220V and engine heat. Nicely concealed in a drawer in the forward cabin, in addition to the standard refrigerator with freezer compartment, you will find a high-quality cooler from 'Engel', which can be used for both cooling and freezing. This boat is just a 4-hour drive from our sales port in the French town of Basse-Ham.

## Basic Information
