An extremely beautiful and well maintained Sealine S42 that underwent a complete refit in 2021.

Sealine S42

Both technically and optically, this ship leaves nothing to be desired. In 2021 a particularly extensive refit took place, in which neither cost nor effort were spared. During this refit, the complete exterior upholstery was replaced and the teak professionally cleaned, both refrigerators were renewed and a new exterior grill was installed. The entire dashboard was disassembled and painted to match the new upholstery in the cockpit. Not only has a High End sound system from Fusion been installed, a flat screen has been installed in both the salon and master bedroom, the interior lighting has been replaced with LED and the carpeting and furnace have been renewed. On the technical side, the list of renewals is at least as long, so all in all a ship that can rightfully be called entry-level ready. **Trade-in is negotiable.**
