On Sales Premises

**Year**

2016

---

Magnificently maintained Princess V48. equipped with numerous options.

## Princess V48

The standard equipment of a Princess V48 already leaves little to be desired, yet the list of additional options present is long. Among other things, this yacht is equipped with a 'Hi-Lo' sinking bathing platform, reverse cycle air-conditioning combined with an Eberspächer Hydronic diesel heater, IPS joystick-piloting incl. DPS, Yacht Controller, Side Power bow thruster incl. wireless remote control, radar + chartplotter via the Raymarine HybridTouch 15.4" Colour Multifunction Display and a teak deck on the gangways, bathing platform and in the outside cockpit. The cockpit is covered with a removable bimini and features a wetbar with electric grill. The bimini has side sections that allow the entire cockpit to be closed off, also there is an easy to place cover fitting over the benches + table for a quick cover. The presence of sliding doors between the outside cockpit and the saloon, combined with a large sliding roof create a spacious and light-filled experience, seamlessly blending inside and outside. Both above and below deck you will find a Samsung LED flat screen + Fusion MS-AV750 HiFi entertainment system in every room, also a satellite dish and private Wifi network are not lacking, so even on less sunny days you can have a great time on board. The winters this ship has spent in a heated winter storage and the summers she has sailed exclusively on fresh water. Combined with low hours and a care where no expense was spared, this results in one of the finest + complete V48's currently offered on the market.

# Basic Information

General	
Boat Name	Chill
Where	Princess Yachts Ltd.
Year	2016
