2 x Caterpillar, 660 pk

Berth

On Sales Premises

Year

2000

Equipped with stabilizers, Kabola central heating, an inverter, and a generator. New carpeting and upholstery, both inside and out, will be installed in 2025.

Ferretti 53 Fly

The Ferretti 53 Fly combines refined Italian design with exceptional build quality. For years, the Ferretti shipyard has been among the absolute leaders in reliable yachts with a timeless appeal. Are you looking for a "special offer"? Then this Ferretti 53 is definitely worth a visit. In addition to the standard equipment—including a Kohler generator, reversible air conditioning, a passarelle, a wet bar with a grill and an additional refrigerator, an electric bow thruster, and an anchor winch—this vessel has been upgraded over the years with numerous extras. For example, a Kabola central heating system was installed, a 3000W Victron inverter was added, and in 2025, two Dynamic Marine Systems All-in-One stabilizers were installed. These ensure unparalleled stability and comfort at both cruising and high speed, and even at anchor. Finally, in 2025, the entire interior and exterior upholstery was completely renewed.

Basic Information

General	
Boat Name	Buitenkansje
Last Serviced	2024
Designer	Officina Italiana Design
Where	Ferretti Yachts, Italië
Year	2000
