Antaris 950 AK

89.000 VAT included

Motor Yacht

Price Motor

€ 89.000 (VAT included) Yanmar 4LHA-HTP - 160 HP

Dimensions

9.5 m x 3.3 m x 0.8 m

Material Year 2005

Antaris 950 AK

Antaris 950 AK

The quality has made them great and at the same time generated a lot of appreciation from the buyers' market. This is not strange because on Antaris ships there is not much to be seen and that is also recognizable in the numbers sailing around. This 'Antaris NineFifty' has been owned since 2006 and can now change owners if you wish. Actually, the owner couple is still fully satisfied, but plans have changed and therefore we can now offer you the 'Content'. What is important is the cockpit or the aft deck of ships and in this case that is fine. The dimensions are quite decent and you won't be short of space easily. The front and stern are also well thought out and very nicely carpentered and finished. All comfort is on board and there are even two cabins. The first is located in the stern, the second consists of the forepeak which can easily be closed off by a sliding wall and sliding door so that you can sleep in peace and privacy. Are you looking for a nice spacious cruiser of a widely appreciated type, with which you can sail an open çabrio, but also with a closed tent and which is fully equipped? Then this Antaris might be the right choice for you! Feel free to contact us for more information or to make an appointment for a viewing!

June 2018 partly reefed, inspection/evaluation report available!
