Year

1980

A spacious and complete ship. In 2004, the interior underwent a thorough refit and a new John Deere engine was installed.

Eekmankruiser 1180 Ak

(In winter storage, to be visited by appointment)

A spacious and complete ship. In 2004, the interior underwent a thorough refit and a new John Deere engine was installed with only 1109 hours. The superstructure is fully insulated and the hull to the waterline, together with the hot air heating throughout the ship, ensures a comfortable stay on board. Furthermore equipped with a bow thruster, solar panel, screens for outside, 3 x gas detector and an extra tank for e.g. a holding tank.

Fully professionally painted in 2K in 2019. All windows have been removed and the middle part has been fitted with new Top Windows. Replace the hull + anodes. Also the woodwork put in Epiphanes clear varnish.

In 2018 the 220 V system was replaced and the fuse box moved, a Victron Multi inverter of 24 volts 3000 watts with 4 victron batteries of 220 watts each especially for permanent 220 volts on board.

Basic Information

General	
Boat Name	Camil
Designer	Eekman
Year	1980
Hull Colour	Beige
Hull Construction	Steel
