Year

2011

A striking appearance, both on the outside and on the inside.

Euroship Classic Kotter 1150

This striking appearance doesn't only amaze on the outside! The very low hour stand, a favourable + practical layout and the generous level of equipment will appeal to many people's imagination. The quiet VW Marine engine with 100 hp has only 182 operating hours and brings the ship to cruising speed at 2000 rpm. The saloon has a generous standing height and high windows which, together with the sliding doors, provide a light and spacious feeling. The 2 enclosed sleeping cabins with both a double bed have access to a combined toilet and shower room. Furthermore, this ship is equipped with a.o. a chartplotter/autopilot, marine telephone, bow + stern thruster, Webasto hot air heater, Victron 2000W isolation transformer, Victron galvanic isolator, Victron 2000W inverter/80W charger, Wallas oven, Wallas ceramic hob and a 60 Ltr. boiler on 220V and motor heat. In short a very complete and practical ship.

Basic Information

General	
Boat Name	Violet
Designer	Euroship
Where	Van der Krogt te Oudenbosch
Year	2011
