Very practical and luxuriously finished houseboat.

Houseboat Pontoonboat

This very practical houseboat combines cosiness and comfort with good sailing characteristics. The foamed floats are frost proof and in combination with the thick walled log cabin which is equipped with double glazing and a large pallet stove, this is not only a summer house, but also a winter house. 4 large solar panels, a 3000 watt inverter and a generous battery pack ensure that you are self-sufficient and can enjoy the luxury of home, mobile enjoyment in peace and freedom of the most beautiful spots on the water. Both the front and the back have a spacious terrace and there is also plenty of walking space and grip on the long sides. Inside you will find a fully-fledged fridge-freezer, a ceramic hob, a pallet stove and a spacious toilet. Outside you will find high quality hardware, Azobe hardwood and stainless steel, in short, a low-maintenance outdoor accommodation that combines the advantages of a ship with the advantages and space of a holiday home. Now at our sales pier to view.
