Motor

2x Volvo Penta AD 41P

Berth

On Sales Premises

Year

1990

A high quality yacht with a lot of attention for comfort and functionality.

Victoria 33 Shadow

A ship that has many characteristics of the brands Saga or Agder from Scandinavia. The shipyard Victoria Marine has its roots in England and made high quality yachts with great attention to comfort and functionality. The concept is very recognizable, a large open cockpit, a very spacious aft cabin with two fixed berths, sofa and separate wet room (shower, toilet), fully equipped kitchen with two fridges, spacious sofa with table and in the front a spacious bench which can be converted into a double bed. The Victoria Shadow 33 also has a second wet room and a large sun bed above the rear cabin. Very good sailing characteristics thanks to the powerful and economical Volvo Penta AD41P diesel engines. Very recently had extensive maintenance, so now immediately available for many years of sailing pleasure! .

Basic Information

General
