Year

2005

Particularly spacious and practically laid out ship.

Pacific Prestige 170

This beautiful Pacific Prestige is fully equipped, excellently maintained and from the first owner, so for the enthusiast a "Must See". This vessel is characterized by a particularly spacious layout and luxurious appearance. Both the salon and the seating areas on the aft + foredeck provide excellent visibility and offer ample seating for you and your guests. The two wide semi-circular staircases make access from the swimming areas to the aft deck easy and safe. The salon features air conditioning, an electric height-adjustable table, and next to the helm station a "custom-built" door that provides easy access to the starboard deck. One floor below you will find the generously equipped kitchen with dining table, in the forepeak a generous guest cabin with double 'French bed' + an additional guest cabin with two bunk beds with private bathroom. Midships you will find two excellently equipped and spacious engine rooms and in the hallway towards the owner's cabin you will find a washer and dryer. In the stern is the generously proportioned owner's cabin with en-suite baking room and a generous walk-in closet. Of course, this ship is equipped with central heating, 2 air conditioners, 12 KW generator, 5000W inverter, drinking water system purifier (Bright Spark), built-in dehumidifiers, deck wash pump + outdoor shower and Hydronautica remote control to wirelessly steer the ship from the gangway. Even two spud poles are part of the equipment of this complete vessel. During the summer of 2022, the entire teak deck was completely renovated, new antifouling was applied and the camera system was renewed.
