Volvo Penta D6 350 HP

Berth

Year

2007

Exclusive high-speed crossover with a terrific hull shape and designed by Vripack Naval Architects in Sneek.

Crossover 33

Exclusive Nick Brown's fast sailing Crossover, designed in cooperation with the renowned Vripack Naval Architects in Sneek, the building criteria were: luxurious finishing, fast sailing, flexible and manoeuvrable and almost everywhere to sail. This complete Crossover has the CE-B label and is equipped with: bow thruster, 2000 Watt inverter, trimflaps, hot water boiler, holding tank, deck shower, refrigerator and heater. In short, a ship that combines fantastic sailing characteristics with all the comforts for a great sailing holiday at home and abroad. Designer Nick Brown went back to the drawing board in order to increase the usability even with less weather or heavier seaway, this resulted in this very practical version with hard-top. **From now on, this ship can be visited by appointment in the heated winter storage.** A video impression of this ship will follow soon, keep an eye on our website or make an appointment for a viewing.

Basic Information

General	
Boat Name	7 Sailors
Designer	Vripack Naval Architects, Sneek
Where	Nick Brown Yachting Company
