Cummins-Mercruiser 4.2, 320 hp, 780 hours diesel

Berth

On Sales Premises

Year

2006

Now available, this very neat Aquador 26 Hardtop.

Aquador 26 Hardtop

This Aquador 26 Hardtop has arrived from Norway and is available for viewing. The boats built in Finland have everything that Scandinavian builders are known for. Extremely solid, very practical and well-built with a layout that leaves nothing to be desired. There is excellent headroom and plenty of generous berths, especially if you consider that this ship is "only" 8.25 meters long. Its strength lies in its width of 3.05 meters, which makes it a real space wonder and, of course, extremely stable, even at speeds of 30-35 knots. The 320-hp Cummins-Mercruiser diesel was serviced just before leaving Norway and had already been fitted with a new turbo in 2021. The Bravo III sterndrive was serviced upon arrival in the Netherlands, which included renewing the bellows and preventive replacement of the shift cable and trim transmitters. The spray hood has been renewed in 2021 and is in excellent condition and the same goes for the hull which has received a paint job in Norway. This ship is equipped with, among other things, a boiler, hot air stove, ceramic diesel stove, radar, VHF radio, electric windlass on the bow + electric windlass on the swimming platform. The high gloss lacquered cherry wood in the cockpit and cabin is in excellent condition and gives this boat a particularly luxurious look. Despite all this space, the minimum clearance is very low, especially if you would choose to dismantle the radar, for example. The former owner has chosen to have two luxury sports seats fitted, but the original blue two-seater driver's bench is also still present.

Basic Information

General	
Boat Name	Birdy 1
Where	Bellaboats Finland
Year	2006
Hull Colour	Blue
