Zijlmans Eagle 1700 Elegance

This Zijlmans Eagle 1700 Elegance is in excellent condition and has less than 560 hours on the clock. The fixed wheelhouse with double glazing is spacious and equipped with 2 sliding windows and a sliding glass roof all with fly screens. The open construction at the front of the steering position is directly connected to the salon which creates a light-filled interior. The folding doors give access to a spacious aft deck which will be equipped with a new fully lockable hood in 2021.

The wide gangways and high freeboard combined with a robust sea rail make this category 'B' vessel feel safe and comfortable.

For easy steering a 'Yachtcontroller' has been installed in 2021. This remote control allows you to operate both the engine and the hydraulic bow and stern thruster from anywhere on board.

Of course, this ship is equipped with 3000 W inverter and 13.5 KW generator, Kabola central heating and a washing machine, dryer and dishwasher. The gangway/passerelle on the stern can also function as a crane and elevator a dinghy on the swimming platform.

The paintwork and upholstery have been completely renewed in 2018, in short a ship that is move-in ready.
