Year

1978

A well-equipped vessel for habitation or longer journeys

Rijo Kruiser 1580 AK

Now this spacious Rijo Kruiser is at our sales dock in Kerkdriel. This spacious ship has a nice equipment for a longer stay on board. So you will find on board a recently installed (2017) central heating of the brand Post, an inverter, an 11 kVA generator, 2 spud poles, an electric toilet, an electric stove and also a very spacious layout with plenty of closet space. In 2020 the ship was completely painted (1K) including antifouling. Also, the batteries were replaced and a new bow thruster was installed. The beating heart of the ship is an economical 6 cylinder Mitsubishi of 117 hp which was installed in 2001 and has now run $\pm$ 600 hours. As soon as the ship arrives in Kerkdriel we will make a photo report and place it online.
