2x Vetus Deutz DT64, 1660 hours

Berth**Year**

2000

A generously equipped ship with plenty of sleeping space and plenty of closet space

Valkkruiser 14.50 AK

This Valkkruiser from the shipyard of Gijs v/d Valk was built in 2000 and is equipped with two solid Vetus Deutz engines of 159 hp which have run only 1660 hours. With a creep height of 280 cm she is excellent for sailing the inland waterways, for example in France. Maneuvering is made even easier by the presence of a powerful 24 volt bow + stern thruster. The spacious aft deck is easily accessible by the wide spiral staircase from the swimming platform. At the moment, the heavy-duty stainless steel davits have been removed to make access even easier. Equipped with a 6 Kw generator and central heating Kabola, washer / dryer, dishwasher and a headroom of 200-205 cm, this ship is ideal for a longer stay on board. The layout is perfect for this and is characterized by a very spacious owner's cabin with large bathroom and lots of closet space and also you will find a cabin in the front that has access to its own shower and toilet group and the dinette is convertible into sleeping accommodation. This ship was purchased in 2020 in the Netherlands by a Frenchman who has transported her to the French town of Saverne, here she is on appointment to view. **Price is excluding brokerage.**

Basic Information

General
