Year

1992

A neat and fast weekend cruiser.

Bayliner 2755

Looking for an affordable and well maintained weekend cruiser? This Bayliner 2755 has less than 350 hours on the clock and it shows. Partly because she has been inside every winter, the spray hood and gel coat are still in very good condition. On the technical side serious upgrades have been done to improve the sailing characteristics and give this cruiser the playful character of a speedboat. The standard small block V8 has been replaced by a big block V8 and regarding the drive a Bravo III (duoprop) has been chosen. This guarantees a wonderful torque and also has the great advantage that at quiet sailing the speed remains low. Options such as a bow thruster, refrigerator, boiler, stove, battery charger and shower are all present. Approved double axle trailer available at extra cost.

Basic Information
