## Harding 9.80

This Harding 9.80 was delivered by the yard as a ship suitable for 90 people, so you can imagine that the construction is very solid and robust. The 6 cylinder Cummins has recently been thoroughly serviced, including replacement of the injectors, fuel pump, starter motor and multi-belt. In addition, the fuel tank has been professionally cleaned and the batteries and battery chargers have been replaced. In 2020 the antifouling was renewed.
