Nicols Quatro

Practically arranged ship with very easy entry and a spacious, lightly flooded interior. Equipped with 2 separate sleeping cabins, both with their own toilet + shower facilities and a double bed which can easily be split into 2 single beds. The entire ship offers ample headroom and especially the saloon through the large and many sliding windows is a very comfortable living space. You can easily get on board via the open cockpit at the rear or via the 2 doors on both sides. The large sliding doors also give you the feeling of being outside inside, but of course you can experience the outside feeling optimally from the Flybridge or in the unique spacious round seat in the bow of the ship.
