A particularly fine example of a modernized Dutch Classic

Hoekstra Kruiser 900 AK

Coming soon to our sales dock. A very neat Hoekstra cruiser 900 AK, which in terms of space is not inferior to many 10 meter ships. In 2002 completely refitted including new carpentry, in 2015 completely painted (2K) and currently the finishing touch is being made to the antifouling and the ship is professionally polished and waxed. Truly a godsend, so be quick. More details and pictures will follow soon, but a viewing is already possible. Please contact us for an appointment.
