Berth

Year

2005

A wonderful example of Dutch craftsmanship. This category A ship has all the qualities and facilities on board.

Behage 1400 M-Line

A wonderful example of Dutch craftsmanship. This category A ship has all the qualities and facilities on board, even for the most demanding skipper. The construction and finishing are solid and very refined. For additional safety, the steering, fuel + bilge pump systems have all been double executed, as regards the technical aspects both practical and well-considered choices have been made with regard to the type and accessibility of equipment. In addition to a very generous equipment level, this ship has particularly comfortable sailing characteristics and a timeless appearance. More pictures will follow soon.
