Year

2016

Chris-Crafts are built with a passion for timeless design, refined details and authentic craftsmanship.

Chris-Craft Launch 28

Manufactured with the same passion and dedication as 147 years ago, all Chris-Craft vessels continue to appeal to boaters around the world. From the very beginning, Christopher Smith has developed vessels that capture the imagination and are now considered an icon by many. The Chris-Craft name has always been synonymous with quality, and upon seeing a Chris-Craft, it is clear to anyone why. All of these vessels are made to the finest detail by the most skilled carpenters, furniture makers and craftsmen in the industry. This 2016 Chris-Craft Launch 28 also fits right into this list and will turn many heads. Elegance and class are combined with the refined power and agility of the 2 all-aluminum 6.0 ltr. V8 engines that produce 380 hp each. Combined with 2 duoprop sterndrives, you are guaranteed excellent maneuverability and also an explosion of power when you tap into all 760 horsepower. The variable camshaft timing that Volvo Penta was one of the first to use in marine engines is very efficient and ensures extremely smooth running and also favorable fuel consumption.

Basic Information

General	
Boat Name	'Lutine'
Where	Chris-Craft USA
Year	2016
Hull Colour	Grey
