Hemmes 12.00 AK

114.000 VAT included

Motor Yacht

Price

€ 114.000 (VAT included)

Dimensions

12.05 m x 3.9 m x 1.2 m

Material

steel

Motor

1x DAF 615, 6 cylinder diesel, 118 hp

Berth

On Sales Premises

Year

1997

This Hemmes Kruiser has undergone many innovations.

Hemmes 12.00 AK

This Hemmes Kruiser 12.00 AK has undergone many renovations in recent years and looks neat both inside and out. In June 2025, the underwater hull was painted and new antifouling was applied. The entire ship was professionally painted in 2021 and coated with 2-component paint all around. The diesel tanks have been professionally cleaned and fitted with manholes. An 1800W Victron inverter and both an indoor and outdoor shower are some of the options available. Recently, a stern thruster with its own battery has been installed, along with mobile air conditioning, new starter batteries and a new electric toilet. It is also possible to darken the saloon windows with new sun blinds in the saloon. Furthermore, a new hot water boiler powered by engine heat and 220 volts has been installed, as well as new pumps for the fresh and black water tanks. There are also new cushions for the foredeck.

In short, this is a boat that has been lovingly maintained in recent years and which will give you many years of pleasure!

Basic Information

General	
Boat Name	Windhoos
Designer	H. Molenaar
Where	J.M. Yachting, Zaandam
