Motor Yacht

Price

€ 49.500 (VAT included)

Dimensions

12.84 m x 4.14 m x 1.05 m

Material

Steel

Motor

DAF 1160, 220 hp

Berth

Year

1970

A particularly neat and certainly tough appearance. The right engine, modern technology and neat and good paint.

Sleepboot 12.80

A sturdy appearance in a condition you don't see much in this segment! This tug/pushed boat is in very good condition, the recently applied matte black 2 component paint is professionally applied and gives this ship a unique look. Equipped with a rock solid DAF 1160 and double hydraulic steering, sailing with this ship becomes child's play. The engine room is orderly and easily accessible, the wheelhouse is orderly and spacious. The kitchen is solid and well equipped with a compressor fridge, stove, sink and ample storage. The forecastle is easy to enter and has recently been refitted. In addition to the already present double bed and toilet, the large space under the wheelhouse offers numerous possibilities such as storage, additional sleeping accommodation or expansion of tanks, battery pack or installation of a boiler or heater. Recently two 410W solar panels were installed in combination with a 2000W Victron inverter, which can be monitored via your cell phone. All in all worth a viewing, because this eye-catcher has much more to offer than just her looks! **(EOC flatbed report from February 2021, valid until February 2027)**

Basic Information

General	
Boat Name	Zwart
Last Serviced	2021
Builder	Recente verbouwingen gedaan bij Jachtwerf Talsma, Franeker.
