Steel

Motor

DAF 575 DD, 120 HP, ± 2600 hours.

Berth

Year

1992

This Robur 11.30 OK has been magnificently maintained and is very generously equipped.

Robur 11.30 OC

The looks of a Pikmeer 11.50, but not the price, this Robur 11.30 OC has everything and is now offered very interesting! Wide gangways all around and still a spacious open cockpit with a beautiful cockpit tent. The equipment level leaves nothing to be desired, including a 2000W Victron inverter, a 10 hp bow thruster, a 220V boiler + engine heat, an electric toilet, holding tank, Planar 4kW hot air heater and a 140 liter compressor fridge. The 220-volt system on board has been renewed and expanded with a ground fault circuit interrupter, a galvanic isolator and numerous outlets equipped with USB ports. The rock solid DAF 575 DD has recently undergone several modifications and the fuel tanks are filled with GTL. The combination of keel-tube cooling, a dry exhaust and a grease-lubricated propeller shaft makes sailing in the winter months or through shallow channels excellent. We were very pleasantly surprised by the excellent condition and generous equipment level of this Robur 11.30 OC, so make an appointment for a viewing in winter storage now.

Basic Information

General	
Boat Name	At Last
Where	Robur Yachts
