## Treffer 14.00 AK

!! Under bid !!! "Gracious" was painted in 2020 and fitted with a new convertible top in 2019, a beautiful appearance! This Treffer 14.00 is partially double glazed and also generously equipped with, among other things, a bow and stern thruster including remote control, 5Kw generator, 1800W inverter, induction stove, 2 Webasto heating units, a deck wash pump and an artificial teak lined swim platform that has a nice spiral staircase to the aft deck. The owner recently had a radar installed, but this Treffer is also available at a reduced rate without radar. This ship spends the winter period in a heated winter storage and the owner has the necessary work done again this year to keep this ship in top condition. Thus, 3 new 'Rafa' windows will be installed, the boiler will be replaced and 4 new batteries will be placed á 250 Ampere each. k.
