Year

2004

Bekebrede Myco 40 SK

This Bekebrede Myco comes from the hand of Martin Bekebrede Yachtdesign, a household name in the Dutch yachting world for years. The exceptionally solid and well-thought-out construction combined with a multi-chine hull shape results in a CE category 'B', so if you wish to explore both inland and open waters, then this ship is the ideal candidate. This Bekebrede stern cutter is equipped with a reliable Vetus Deutz 6 cylinder with 168 hp and only 803 operating hours, she is also equipped with an 8kW generator, 3000W Victron inverter, an indoor & outdoor shower, deck wash pump and a Dometic air conditioning system in the saloon and the aft cabin. Both the anchor winch and the bow + stern thruster are hydraulic, the latter being equipped with a 'Hi-Lo & Hold' function, so that mooring remains a pleasure even when you are sailing the ship alone. The entire ship was professionally sprayed in 2020 and the batteries were renewed in 2023, the spray hood is as good as new, the antifouling was renewed in December 2024 and the hull was painted in June 2025. If you are looking for a ship with which you can sail the European rivers and coastal waters in luxury and completely self-sufficiently, then make an appointment for a viewing.

Basic Information

General	
Boat Name	Mathé
Last Serviced	2024
Designer	Martin Bekebrede
Where	Myco BV Ermelo
