On Sales Premises

Year

1978

Excellently equipped Seagull Cruiser.

Meeuwkruiser 1000 GS AK

Recently added to our sales portfolio. This excellently equipped Meeuwkruiser 1000 GS/AK feels spacious and has a light-flooded interior. The high hull gives the ship a robust appearance and a lot of interior space and yet the crawl height is only 240 cm. Over the years, many innovations have been implemented both inside and outside. For example, a beautiful stainless steel railing has been installed together with stainless steel swivel davits, a stainless steel steering wheel and a stainless steel tube frame for the bimini that covers the entire aft deck. New windows with aluminum window profiles have been installed and also two escape hatches in the fore ship. In terms of motorization, this ship leaves nothing to be desired, for example, she has a powerful 100 hp, 6 cylinder from Peugeot that was overhauled in 2004. Because she has keel cooling, a clogged weed filter is a thing of the past and you can travel without worries both in summer and winter. On board you will find a recently installed diesel hot air heater, a boiler, a bow thruster and a marine radio. With the exception of a few spots where the paintwork needs attention, this ship is both technically and optically in a neat condition.

Basic Information

General	
Boat Name	Estra
Where	Jachtwerf de Meeuw
Year	1978
