steel

**Motor**

DAF 575, 6 cylinder, 105 pk

**Berth**

**Year**

1989

---

A well-maintained ship, completely painted in 2019 and fitted with a stern thruster and new batteries in 2024.

## **Molenkruiser 12.25 AK**

This Molenkruiser was completely painted in 2019 and is really spotless. During the painting, all aluminum windows were removed and fitted with new rubbers. In 2023, a new spray hood with bimini was installed, which is equipped with side parts that can completely close off the aft deck, the 'old' spray hood / bimini is still present and can be used during the winter period, for example. The interior has also been thought of, which is equipped with new curtains, an electric toilet and a combi-screen. In 2024, a stern thruster was installed and the antifouling was reapplied, all batteries were also renewed and 4 flexible solar panels were installed. The aft cabin has been modified and equipped with two single beds on the port and starboard sides.

# Basic Information

General
