Year

2009

An excellently maintained and complete Pedro Levanto.

Pedro Levanto 32

The sense of space on this Pedro of "only" 9.67 meters is special. Wide gangways, a spacious aft deck, a standing height of 2.00 meters throughout the ship and two above-average sized beds make this ship a true space wonder. This Pedro Levanto is neatly maintained and is stored on the quay every year and fitted with a winter cover over the entire ship. The recently installed spray hood is in very neat condition and the teak deck is excellently preserved. In terms of equipment, there is little to be desired, for example, this ship has a powerful 87 hp Perkins engine, bow + stern thruster, Webasto hot air heater, 220V boiler & engine heat, a 2000W Mastervolt inverter and both an indoor and outdoor shower. Boat cradles suitable for this Pedro are also part of the inventory of this ship. The ship winters in the water and is now equipped with the winter tent, but can be viewed if desired.

Basic Information

General	
Boat Name	Nereide
Where	Pedro Boat B.V. Zuidbroek
Year	2009
Hull Colour	blue
Hull Construction	steel
Hull Type	antifouling vernieuwd in 2024
