Altena 48 Excel

For decades, Altena Yachting has been synonymous with solid craftsmanship and the use of high-quality materials. This Altena 48 Excel is no exception and can rightly be called a paragon of quality. The moment you step aboard, you'll experience the solid construction: the wide gangways with high railings and continuous handrails provide a feeling of security, while the spacious aft deck is easily accessible thanks to the fixed spiral staircase.

The fixed wheelhouse offers excellent all-round visibility and features an additional seat, allowing both the helmsman and passengers to enjoy the boat in comfort. The ship is fully equipped for maximum sailing comfort; for example, it features an autopilot with joystick controls, dual VHF radios, and a hydraulic anchor winch, bow thruster, and stern thruster. This makes maneuvering exceptionally easy, even in smaller harbors.

For those planning to stay on board for extended periods, this Altena is perfectly equipped. Equipped with a 3000W Victron inverter, generator, central heating, electric stove, dishwasher, washing machine, and dryer, you can sail completely self-sufficiently. With two water tanks and three diesel tanks, the range is generous, eliminating the need for frequent port visits.

Inside, you'll find a bright, spacious salon with a galley that—completely in keeping with modern standards—offers stunning water views. Forward is a comfortable guest cabin with a private bathroom, where the washer and dryer are also located. Aft offers a generous master cabin with a French bed and ensuite bathroom, complemented by an additional guest cabin. The high-quality finish and clever layout provide a remarkable amount of storage space and a warm, luxurious feel.

The paintwork needs some attention, so the current asking price has been carefully adjusted accordingly. This Altena 48 Excel therefore offers an excellent opportunity for those seeking a solid, fully equipped, and comfortable boat with exceptional potential.

Basic Information

General	
Boat Name	Kylian
Where	Altena Yachting B.V.
Year	1999
