Mercury 225 hp, 93 hours.

Berth**Year**

2020

The BSC 70 Ebony, a stylish, luxurious RIB characterized by excellent performance, premium comfort, and elegant finishes. The choice for the discerning water sports enthusiast.

BSC 70 Ebony

The BSC 70 in the exclusive 'Ebony' version is a luxurious RIB that seamlessly combines comfort and performance. This specific model is fully equipped, meticulously maintained, and comes with a TDS double-axle trailer, making it immediately ready for new adventures on the water.

The Ebony model features a spacious round seating area with high-quality cushions and, thanks to its multifunctional layout, a sundeck at both the front and rear. Naturally, a stainless steel bracket and bimini are also included. This luxurious RIB also includes a freshwater tank with an outdoor shower, an electric anchor winch with a stainless steel plough anchor, and a swim platform with a ladder.

The Mercury V6 outboard has only 93 hours of engine life and is equipped with both hydraulic steering and Mercury Active Trim. All engine functions, as well as the depth sounder and GPS, are accessible through Mercury's built-in multifunction touchscreen, the VesselView 703.

A Fusion Hi-Fi system provides onboard entertainment, and a stainless steel ski mast has been installed for watersports enthusiasts. The entire system can be covered with a full-length tarpaulin, which can also be used during transport.

Looking for a luxurious and fully equipped RIB with few hours of sailing? Schedule an appointment now to view this BSC 70 Ebony.
