

## Valk Content 13.60 AK

**132.500 VAT included**

### Motor Yacht

---

**Price**

€ 132.500 (VAT included)

**Dimensions**

13.6 m x 4.2 m x 1.2 m

**Material**

steel

**Motor**

2 x Iveco 8061M12, 120 hp 6-cylinder, 1490 hours.

**Berth**

**Year**

1991

---

Excellently maintained Valk Content with an impressive level of maintenance and recent major investments. A classic quality yacht from Gijs van der Valk & Rego Watersport, fully ready to sail for many carefree boating seasons.

---

## Valk Content 13.60 AK

With this beautifully maintained Valk Content, built by Gijs van der Valk & Rego Watersport, you will not encounter any surprises. From day one, the careful owner has spared no effort to maintain the vessel to the highest standard. Over the years, a number of upgrades and improvements have also been carried out.

The most recent upgrades are, in our opinion, the icing on the cake and make this a vessel that will provide many years of worry-free boating. In 2024 the entire vessel was professionally repainted (2K), all batteries were replaced, a new cooktop was installed, new curtains were fitted and the fenders were renewed. In previous years, a new refrigerator was installed, the upholstery and carpeting throughout the vessel were replaced, and both the sprayhood and bimini were renewed.

The list of upgrades is much longer and we would be pleased to go through it with you during a viewing.

As soon as you step aboard, it immediately becomes clear how carefully this vessel has been maintained, both technically and cosmetically. The paintwork shines, the interior is in excellent condition and even the engine room is a pleasure to see.

The interior feels spacious and bright. The hatches, portholes and windows are all fitted with mosquito screens and blinds, making your stay on board comfortable during warm summer days. During colder periods, not one but two diesel hot-air heaters provide a pleasant climate on board, while the window screens help keep the cold outside.

A deck wash pump, Victron inverter, Shipmate VHF radio and an electric toilet complete this well-equipped vessel.

We can assure you that the photos do not fully capture this vessel. We would therefore be pleased to arrange a viewing so you can experience this Valk Content in person.

## Basic Information

General	
Boat Name	Saffier
Last Serviced	2024
Builder	Interieurbouw Rego Watersport B.V., Lelystad.
Where	Gijs van der Valk, Sprang-Capelle
