grp (polyester)

Motor

2 Volvo Penta D4-260 EVC, 749 rpm

Berth

Year

2005

A beautifully lined ship, equipped with, among other things, bow and stern thrusters, a generator, air conditioning, and a recently installed cockpit tent.

Cranchi Zaffiro 34

Timeless Italian design combined with a practical layout characterize this Cranchi Zaffiro 34. This 2005 model is equipped with Volvo Penta D4-260 engines, which have only 749 operating hours.

In the summer of 2026, the Cranchi was fitted with new antifouling and anodes. Additionally, the entire vessel was professionally polished and preserved, and the swim platform was fitted with SeaDek. In 2022, a beautiful new cockpit cover was installed by Perlo Boatcovers. The high-quality multi-layer fabric features a dark, weather-resistant exterior and a light grey interior.

The model features a spacious cockpit with a comfortable U-shaped seating area and a bench seat next to the driver, offering passengers a beautiful view. Below deck, you will find an atmospheric saloon with a large circular seating area and galley, as well as two sleeping cabins, both of which are lockable.

There is certainly no lack of comfort. The Cranchi is generously equipped with, among other things, a bow and stern thruster, radar, electric anchor winch, gangway, generator, air conditioning, and both an indoor and outdoor shower.
