Ferretti 53 Fly

In pristine condition and loaded with options! Equipped with, among others: Kohler Generator, reversible AC + new diesel operated 'Kabola' central heating, flybridge with an extra refrigerator and grill, and much more. Powered by Twin Caterpillar 660 (fully serviced). No expense was spared to keep this boat in this immaculate condition! The complete refit in June 2018 consisted of renewing: all the ship upholstery, mattresses and carpet, both refrigerators and grill, window screens and seat covers and much more. Engines and generator were fully serviced, the gangway was completely sandblasted, painted and hydraulic rams overhauled, 8 batteries renewed and a new 'Victron' charger/inverter was placed. As a precaution the water inlet shut off valves and auto-bilge pumps were renewed. Nothing is left to chance by this owner, so if you set the bar high, this ship is the right candidate
